

June 12, 1931.

Mr. C. A. Thompson,  
LaPoint, Utah.

Dear Sir:

RE: UINTAH DIST.

I have your letter of June 11 and am enclosing copy of letter, under date of June 8, from Mr. Henderson, the Indian Service Engineer. While some of the employees of the Indian Service are taking a very high position as to Federal rights I have found Mr. Henderson quite fair so far.

There is no question in my mind but what the State has jurisdiction over these waters but to enforce such jurisdiction at the present time would certainly lead to a law suit which there would be no prospect of having decided before the irrigating season of this year was over.

Yours very truly,

State Engineer.
